

Expected time of
arrival _____

Departure _____

Welcome to Heritage Days

We Hope you enjoy your visit

For a better experience please

Come prepared, and Leave the park as

Clean as you found it. Above all have

Fun.

When you arrive:

Please assemble students at the main entry to the park. A volunteer will escort your class to the first learning station. Please be ready to start the series of tours at your assigned arrival time. Each station presentation will last 15-20 minutes, including time for questions, and 5 minutes to be escorted to the next station. Presentations will start every half hour. Please be sure that students remain at the assigned presentation until signaled to move on. You will be given your schedule and program with map upon arrival.

If your group is a late arrival, due to the large volume of visitors on school days your presentation at your first learning station will be shortened to accommodate.

Things you should know: Proper walking shoes, jackets or sweaters are recommended. Please bring sunscreen, insect repellent, sunglasses and needed personal items. All of the exhibitors will be located outside; prepare for outdoor weather. Morning tours are encouraged to bring a garbage sack to sit on. Cameras are welcome.

Important Logistics: Three drinking fountains are available; however students may want to bring bottled water for better access. Please deposit trash in the proper receptacles. Restrooms are available at the main entrance at the parking lot and west of the Interpretive Center. Please see that students are chaperoned while visiting the restrooms.
